The Shoal Creek Greenbelt

The Shoal Creek Greenbelt path is a multi-use trail. Please respect the rights of others using the greenbelt trail. Maintain control and safe speeds while cycling. Bicyclists are always required to yield to pedestrians. Notify others before passing. Designated areas along the trail are provided for unleashed pets, elsewhere a leash law is enforced and dogs must be controlled. Special Note: please be conscientious of stream bank erosion on Shoal Creek (especially along the frisbee golf course). Trail length from 38th to Town Lake is approximately 3.25 miles and trail construction continues between Town Lake and 6th Street.

Gravel Trail

Paved trail
